Summary

"" Polyglot Programmer Efficiently can work on UI/UX(Frontend), Backend and Mobile apps ""
> Programmer, Poet and Enthusiastic Tech lover

Created multiple frameworks to solve common
problems Android AppStudio,
Built multiple React-based framework(WebStudio)
Created multiple frameworks on JavaScript/NodeJs
Working on Flutter, Few POC on React-Native and Swift
Test-Driven Development using Jest, testing library, Karma-Jasmine, Protractor, Expresso, Mockito

* Love to read articles and group study(Knowledge sharing session)
* Love to create reusable framework to make team productive

Experience

Associate Vice President
DBS Bank

Feb 2019 - Present (1 year 6 months +)
CST, Core System Technology group
Mostly work as part of the Architect team. Created multiple frameworks to solve common problems/use cases
Worked on Android AppStudio, Working on the common reusable framework in Android.
Worked on React-based framework(WebStudio), reusing across the DBS Web apps
Working on Flutter, Few POC on React-Native and Swift

Senior Associate
DBS Bank

Jun 2017 - Feb 2019 (1 year 9 months)
Mostly work as part of the Architect team. Created multiple frameworks to solve common problems/use cases
Worked on Android AppStudio, Working on the common reusable framework in Android.
Worked on Angular(4+) based framework(WebStudio), reused across the DBS Web apps

Staff Software Engineer
Equinix

May 2016 - May 2017 (1 year 1 month)
ECX Portal, Equinix owned Product
Profiling and Performance improvement in node js and Angularjs code
Upgrade oracle driver from strong-oracle to node-oracledb
Added in-memory cache, using node-cache for better performance on fetching least used API

Sr. Software Engineer

TO THE NEW

Jun 2014 - Apr 2016 (1 year 11 months)

Migrate data from relational SQL to NSQL MongoDB

ElasticSearch: Faster search result, search on multiple collections via aggregation/facets searching

Multilingual Support: With the help of angular translates, I currently supporting two

Chat/Messenger box: Users can chat with others via chatbox. The back-end and front-end support via Pusher, OpenTok

Node.Js workers: Providing worker thread for heavy batch task

RabbitMQ: Support of queue message, Priority-based queue for different task

API caching: We are providing Node.Js level of caching on unchangeable service API's

NEC **Module Lead**

NEC Technologies India Pvt Ltd.

Aug 2013 - Jun 2014 (11 months)

Create a Simulator to simulate the communication with external system (ACOS, WEB AP etc.)

Creating Zimlets (Add-On) for Bmail, A new aligned project of Biglobe

Created a Heat-map tool to trace the log of the Zimbra mail server and collect information

NEC **Senior Member Of Technical Staff**

NEC Technologies India Pvt Ltd.

Aug 2011 - Jul 2013 (2 years)

Software development, Design architectures, Zimbra Zimlets developments, Object Oriented JavaScript language implementation

Education

West Bengal University of Technology, Kolkata

Bachelor of Technology (B.Tech.), Computer and Information Sciences and Support Services

2007 - 2011

Bachelor of Technology with CGPA 8.2/10 (Y. 2007-2011)

Subjects: J2SE, JavaScript, Data structure, Mathematics, Automata

The scottish church collegiate school

High School Diploma, Mathematics and Computer Science

2005 - 2007

Senior Higher Secondary (+12)

Subjects: Physics, Chemistry, Maths with CGPA 88%

Honors & Awards

Emerging Employee of the year - NEC Technologies India Pvt Ltd.

2012

Emerging Employee of the year, Yearly Recognition

Team Oscar - NEC Technologies India Pvt Ltd.

2013

Team Oscar, Yearly Recognition

Captain of the month - TO THE NEW

2014

Captain of the month - Selected By Team Members

Winner of Techathon - TO THE NEW and Shopclues

2015

Member of First Winning team of Techathon/Hackathon

Customer Delight App - DBS Bank

2017

Winner and Member of wining team on DBS First Hackathon

Bugathon Winner - DBS Bank

2018

Member of Winning team of Hackathon challenge to find innovating way to Test Applications

Skills

JavaScript • Angular • Node.js • Android Development • Analytical Skills • Programming • Test Automation • Design Patterns • Debugging • Design Principles
